- Finance is excluded: leave does not need their approval.

Access permissions

Role-based. Permissions come from the roles in LV Sign Admin, not from individual people.

+ Add role

Role	Can use	Can edit
Staff All employees	☑	☐
HR HR officers and managers	☑	☑
Finance Finance team	☐	☐
Operations Depot and shift supervisors	☑	☐
Admin LV Sign administrators	☑	☑

Allow senders to change the signing route — on

When off, the route set in step 2 is locked for every document made from this template.

Hide from the template list — off

People with access can still open it from a direct link.

Roles & workflow

Define signer roles, not people. LV Sign resolves each role from the directory when a document is sent.

In order | All at once

Step 1 · 1st approver
Department head
Approve and sign

Who fills this role
Head of the employee's department

Can delegate: Yes, to deputy head
Time to act: 3 working days

Step 2 · 2nd approver
HR manager
Approve and sign

Who fills this role
Any member of group "HR managers" (3)

Can delegate: No
Time to act: 2 working days

Step 3 · Final signer
Employee
Sign to acknowledge

Who fills this role
The person named in "Employee name"

Can delegate: No
Time to act: 5 working days

+ Add signer role Add copy recipient

Rules

If someone declines: Stop the route and notify the sender

When everyone has signed: Send a copy to Payroll and archive

Skip the department head when the employee is the department head — on
The document moves straight to the HR manager.

Require a comment when approving — off

How roles resolve

- Department head comes from the employee's record in the HR system.
- Group roles go to whoever in the group opens it first.
- If a role cannot be resolved, the sender picks a person before sending.

Annual Leave Request

I request annual leave for the dates below. My duties during this period have been handed over as noted.

Employee name	Full name · Sender `employee.full_name`
Department	Text · Pre-filled `employee.department`
Leave type	Dropdown · Sender `leave.type`
From	Date · Sender `leave.start_date`
To	Date · Sender `leave.end_date`
Working days	Number · Calculated `leave.working_days`
Cover arranged with	Text · Sender `leave.cover_person`

Approval confirms the leave balance has been checked and the rota updated. The employee signs last to acknowledge the approved dates.
